# Saturday Parade to Launch Gala Day of Homecoming

By DON LINDSEY

A colorful parade featuring floats built by the living groups; the MSU band, plus bands from various other towns; and the cheerleaders and pom-pom girls will launch Saturday's activities for Homecoming. This will be the 38th Homecoming in a tradition that dates back to 1904. West Alder and West Spruce will be blocked off so that units in the parade may begin lining up at 8:30 a.m.

The parade is scheduled to travel south on Higgins Ave. to 6th St. where it will turn east to Gerald Ave. The parade will then travel south on Gerald to University Ave. where it will turn and go north to Arthur. Then north on Arthur Ave. to Eddy Ave. where the parade will turn east and proceed to the Fieldhouse.

## 14 Floats

Present plans include 14 floats plus the MSU band, six high school bands, members of Bear Paw and Spur, and the cheerleaders and pom-pom girls. Present will be high school bands from Missoula County High School, James Tibbs, director; Anaconda High School, Jay Burchak, director; Darby High School, John Kohler, director; Hamilton High School, Dean Vinal, director; St. Ignatius High School, Frank Diener, director; and St. Regis High School, Joseph W. Eve, director. All six high school bands will be featured in pre-game ceremonies with the MSU Treasure State Band under the direction of James A. Eversole.

At 1:30 the whistle will sound the opening kickoff of the football game between the Montana Grizzlies and the Denver Pioneers. Spirit is running high for this game and a near capacity crowd is expected.

## Open House

Following the game will be open house at all living groups with all students, alumni, and visitors welcome.

From 9 to 12 will be a semi-formal mixer in the Yellowstone and Cascade Rooms of the Lodge for alumni and students. Music will be furnished by Don Lawrence's Blue Hawks.

The alumni will find themselves with a full program also as the Classes of '07 and '32 start the morning out by observing a Golden-Silver Anniversary breakfast in the Mayfair Room of the Florence Hotel at 8.

From 9:30 to 11 the Moot Court Trials will be held in the Music Hall Auditorium by the Law School.

## Social Hour

There will be a social hour at the Elk's Club at 5:30 followed by an alumni buffet dinner at 6:00.

According to Ross L. Miller, secretary-treasurer of the MSU Alumni Association, the following schedule has been set up for registration of alumni: tomorrow, 10 to 6 in the Lodge; 1 to 5 in the Hotel Florence lobby; and from 4 to 10 at the Elk's Club. On Saturday registration will be from 10 to 1 at the Lodge and the Florence; from 11 to 1 at the Field House; and from 5 to 8 at the Elk's Club.

Friends of the University, husbands and wives who did not attend MSU, and the husbands and wives of the faculty and staff are more than welcome to register for Homecoming, Miller said.

## Cadet Officers Honored By Air Force

The designation of three senior AFROTC cadets as Distinguished Military Students was announced by Col. Donald C. Jamison, Professor of Air Science. Those honored were, Cadet Capt. Donald W. Nelson; Cadet 1st Lt. Jerry F. Daley; and Cadet 2nd Lt. Larry A. Nitz.

To be eligible for this award, AFROTC cadets must be in the upper 25 percent of their class, must have demonstrated leadership ability, high moral character, and must maintain a high standing in military subjects. Performance at a summer training unit is taken into consideration.

Cadets designated as Distinguished Military Students are entitled to apply for commissions in the regular Air Force, rather than in the Air Force Reserve, as is the case of other AFROTC graduates. Upon graduation they are also entitled to be named Distinguished Military Graduates.

Air Force ROTC Headquarters has recently announced a newly designed badge to be worn by Distinguished Military Students. These badges will be presented to Cadets Nelson, Daley and Nitz when they are received.

## AFROTC Cadet Officers Selected

Donald W. Nelson, Jr., Forestry senior from Livingston, has been named Commander of the 445th AFROTC Cadet Group at MSU for the autumn quarter. His rank is Cadet Captain.

Other members of the AFROTC Cadet Staff are 2nd Lt. Larry A. Nitz, Kalispell, adjutant; 2nd Lt. Forrest B. Cox, Jr., Missoula, operations officer; 2nd Lt. Louis A. Laws, Athena, Ore., material officer; and 2nd Lt. Zane C. Johnson, Missoula, comptroller; and 2nd Lt. Keith A. Robinson, Kalispell, information service officer.

Squadron Commanders, with the rank of Cadet 1st Lt. all seniors, are William F. Rice, Squadron One; Ronald B. Paige, Squadron Two; and Jerry F. Daley, Squadron Three.

## Second in Series Of Philosophy Talks Is Tonight

Professor Edwin Marvin, of the philosophy department, will speak on "Plato" in Room 104 of the Liberal Arts building tonight at 7:10. This will be the second in a series of lectures on the great philosophers.

Marvin's lecture will cover the life of Plato, general problems that Plato encountered, and basic theories that Plato established in solving these problems. This will be the first of two lectures on Plato by Professor Marvin.

Following lectures in the great philosopher series will be on Oct. 17 when Marvin will speak on Plato; Oct. 24, Aristotle by Dr. Adamczewski; Oct. 31, Aristotle by Adamczewski; Nov. 7, Epicurus by Dr. Armour; Nov. 14, Marcus Aurelius by Adamczewski; Nov. 21, Saint Augustine by Marvin; Dec. 5, Saint Francis by Assisi by Mrs. Schuster; and Dec. 12, Saint Thomas Aquinas by Armour.

## Fall Registration Increases Slightly

Fall quarter registration, totaling 2,866 students, represents a slight increase over last year's fall total, according to Registrar Leo Smith.

The increase represents a 7.1 per cent jump in non-veteran students and a 14.4 per cent drop in veteran enrollment.

Of the 2,866 students, 2,099 are men and 767 are women.

New students total 928—617 men and 311 women. Former students number 1,938 with men accounting for nearly two-thirds of the number.

## MSU Varsity Rifle Team Issues Call for Members

Women students who wish to enroll in the Women's Intercollegiate Rifle Class, should contact Miss Stoodley at the Women's center at the earliest opportunity.

Enrollees in the course must have taken beginning riflery or have been a member of a National Rifle Association Club.

Any men or women students interested in joining the University Varsity Rifle Team should meet tonight at 7 in the ROTC building.

# Elections Slated October 24 For Three Student Offices

By TED HULBERT

Primary elections for an ASMSU vice president and two freshman representatives to Central Board have been set for Oct. 24, elections committee chairman Rich Martin told Central Board at its meeting last evening. The general elections for the three posts will be Oct. 31.

Martin said petitions for the offices will be printed and left for distribution at the Lodge desk within the next week.

The vice presidency was left vacant when Earl Lory, elected last spring, left school to join the army.

One of the freshman Central Board posts is for one year, the other two years. The candidate receiving highest number of votes in the general elections will serve the two year term.

During an hour-long discussion of the resolutions drawn up at Leadership Camp, non-voting representatives to C-B and some of the voting delegates left one by one as the discussion became more and more pointless.

The most definite suggestion on ways and means of Central Board "endorsing the academic life" of the University was that ASMSU provide coffee for such intellectual groups as Friday club and Liberal Arts club. C-B delegates, however, decided against such a plan for Socialistic coffee hours.

President Baty and adviser to Central Board, Dr. Cynthia Schuster, discussed the resolution of Leadership Camp that Central Board endorse an honors studies program.

At the last meeting of Central Board, it was suggested that two students be appointed to the faculty committee which is now studying possible proposals on such a program.

At last evening's meeting, however, the opinion was expressed that the committee had decided much organizational work still remained to be done before the committee would benefit from student representatives.

## Kaimin Questioned

A question at both meetings, last evening's and last week's, was to what extent the Kaimin should publicize available information as the honor studies committee outlines possible programs.

Central Board was told that the faculty committee felt if articles appeared "too early" in the Kaimin, the committee would not want student representatives seated at later meetings. President Baty questioned what harm the Kaimin could do the program.

The conclusion was that the faculty feels a lack of confidence in the Kaimin.

Larry Pettit reported from the Visiting Lecturers committee that ticket sales on the Vincent Price lecture will begin today.

President Baty told C-B there will be a regional meeting of the National Student Assn. Nov. 2-3 in Seattle. He asked the representatives their opinion on sending a local representative to the convention. C-B members considered the convention with mixed reactions, some regarding it as little more than another possible drain on student activity funds. A vote on the matter will be taken at the next meeting, Baty told the board.

## Dick Brooking Venture Chief

Dick Brooking has been chosen editor-in-chief of the Venture, MSU literary magazine, according to Henry Larom, adviser.

Other staff members are Terry Carpenter, sophomore, business manager, and Wayne Chattin, junior, art editor.

The staff hopes to have the fall issue of Venture out by November, Larom said. Anyone interested in working on the staff is invited to attend Venture meetings. There are openings for ad chasers, artists, and journalists.

Meetings are held every Tuesday at 12 noon in the conference rooms at the Lodge.

## Nine Yell Leaders, Pom-Pom Girls Chosen by Board

Nine cheerleaders and ten pom-pom girls were selected last evening by Traditions Board.

Dick Riddle was renamed cheer king. Other cheerleaders serving another year are Judy Riddle, Ardice Sayre, Jan Tustison and Sharon Nelson.

To serve their first year as cheerleaders are Marilyn Boward, Robin Schmechel, Carol Chakos and Sharon Kansala.

Head pom-pom girl will be Greta Peterson. Others returning another year with the pom-poms are Lee Ryan, Freda Smith, Sue Marr and Fran Ferrian.

New pom-pom girls are Sharon Beeman, Karen Christenson, Larry Schwartz, Bee Slusser and Penny Lewis.

Thirty-two tried out for cheerleading posts and 20 tried out for pom-poms.

by Dick Bibler

"IN CONTRAST—DURING 600 A.D. THE .....DURING 600.....THE...."

## WORLD NEWS BRIEFS

From the Wires of United Press

**MOSCOW (U)—**The Soviet radio said last night that Russia's artificial earth satellite was picking up speed and would continue circling the globe "for a long time."

The Moscow radio home service broadcast said that by this evening satellite "Sputnik," launched last Friday, had encircled the earth 70 times and traveled almost 1,750,000 miles.

The satellite continues its merry way around the globe, but changes in its orbit, speed and radio signal caused some scientific flipflops here on earth.

The satellite yesterday shifted in its orbit, changed its "beep-beep" to a steady monotone signal and appeared to be speeding up.

British scientist, noting all the changes, rushed to predict the satellite was falling. But they later reversed themselves, saying "nothing catastrophic is going to happen" for at least 24 hours.

**BARCELONA, Spain (U)—**An American lawyer said yesterday the U.N. must declare the moon an independent area to keep any nation from claiming it as a possession.

Andrew G. Haley of Washington, D.C., one of the few specialists in space law, said present international law gives Russia the right to claim the moon if she hits it first with missiles or spacemen.

**WASHINGTON (U)—**Neil H. McElroy took over as defense secretary yesterday and promptly announced plans to speed work on ballistic missiles.

McElroy told a news conference a few hours after being sworn in at the White House that "Russian missile programs have made it seem not unimportant to us" to take such action.

He said his goal was to achieve the speedup through elimination of "bottlenecks," including increased testing, faster evaluation of missile data and more overtime work.

**MENLO PARK, Calif. (U)—**The giant radar antenna of Stanford Research Institute yesterday "caught" the Russian earth satellite Sputnik as it whirled past the San Francisco Bay area some 150 miles off the coast.

SRI scientists, using one of the world's most powerful radar sets said they detected "radar" echoes from two separate objects as the satellite came by on schedule at 7:12 a.m. PST.

The second object was believed to be the nose cone of the Russian booster rocket which is known to be trailing the satellite as a piece of miscellaneous space flotsam.

**WASHINGTON (U)—**President Eisenhower invited Ghana's Finance Minister K. A. Gbedemah to the White House for breakfast today to make amends for his exclusion from a Dover, Del., restaurant.

Gbedemah, regarded as Ghana's second most important political figure, said in New York he would lodge a formal protest with the State Department because a Howard Johnson restaurant refused to serve him Monday night.

**WASHINGTON (U)—**The giant Teamsters union yesterday surrendered to Senate investigators records of the heavily disputed Miami Beach convention at which James R. Hoffa was elected union president.

The Senate Rackets Committee subpoenaed the documents in an effort to prove its charge that more than 50 per cent of the convention's 1,900 delegates were seated illegally.

The elusive records had been reported to have been accidentally thrown into an incinerator by a maid in the Teamsters Miami Beach hotel shortly after Hoffa's overwhelming election. The maid was said to have later died of a heart attack.

## Yellowstone Room Exhibit Features Montanan's Work

A collection of paintings by Bill Deno, Great Falls, is now on exhibit in the Yellowstone Room at the Lodge, according to Walter Hook, chairman of the arts and crafts department.

Deno, a resident of Great Falls since 1954, came originally from Spokane. He received formal art instruction at Wiggins Trade-Technical junior college in Los Angeles. Although he is a professional designer, Deno does much of his work in water colors.

He has exhibited at the C. M. Russell Gallery, MIA festival at Bozeman and Kalispell, the North Montana State Fair, and numerous local MIA exhibitions. His work is permanently exhibited at the Viking Shop in Great Falls.

Deno, 29, is chairman of the fine arts and crafts group, Montana Institute of the Arts in Great Falls. He maintains a studio in the Denolay memorial building.

The exhibition includes paintings which are for sale as well as others loaned from private collectors. The exhibition, which began Monday, will run through October 21.

## Law School Being Visited This Week

The MSU law school board of visitors and directors of the Law School Alumni Assn. will be on campus today through Saturday to conduct business and to participate in Homecoming activities.

The board of visitors will meet today at 2 p.m. with John Hervey, adviser to the American Bar Association's section on legal education, to discuss the results of the association's accrediting survey of the school.

The board of directors of the recently constituted Law Alumni Assn. will begin their activities with a luncheon Friday afternoon.

Among the topics slated for discussion Friday afternoon are the feasibility of compiling a directory of law alumni and the findings of the accrediting committee.

Saturday the board of visitors and board of directors will attend the finals of the Law School's Moot Court competition, at 9:30 a.m. in the Music Auditorium. The public is invited.

## ARTS AND CRAFTS BUILDING HOUSES UNIVERSITY MUSEUM

The University museum has been moved out of the Journalism Building and Jumbo Hall into the former lounge in the Arts and Crafts Building, according to Dean Robert Turner, acting director of the museum.

Dean Turner said it will take several months to get the collections ready for display, but there would be several exhibits from time to time in the various buildings on the campus.

## University Vehicle Regulations Outlined by Dean of Students

Thomas F. Monahan, Asst. Dean of Students, has released regulations pertaining to students who have motor vehicles in their possession or control. The regulations:

Students must register their vehicles with the Dean of Students' office and attach the decal to the windshield. Persons neglecting to place the decal on their cars will be fined.

Students are responsible for knowing the regulations pertaining to the operation of a motor vehicle at the University. The student to whom the decal is issued will be held responsible for any violation of regulations regardless of who operates his car.

Students are not permitted to park in the areas assigned to faculty and staff and faculty and staff are not permitted to park in areas assigned to students. The area behind Main Hall from the Forestry School to the practice football field is reserved for faculty and staff. Persons visiting Main Hall may park in the visitor zone for a period of ten minutes.

The speed limit on campus is 20 mph. Drivers on campus are expected to observe the speed limit and stop signs.

Driving and parking on sidewalks and lawns is prohibited.

Students may wash their cars on the cement ramp behind Elrod Hall but not on the lawns.

There are three types of stickers. The sticker marked "Cam-

pus" is issued to persons living within a six-block radius of the intersection of Maurice and University avenues. These persons must leave their vehicles parked by their living quarters or park in one of three areas: The new lot behind Elrod hall; the new lot behind Corbin hall or directly across the street from the Chimney Corner; and the lot one-half block north of the Business Administration and Education School, directly behind the private homes on Eddy Ave.

Students outside the six-block radius have been issued stickers marked "Commuter." These students are to park in areas marked "For Commuter Parking Only."

Students failing to cooperate will be reported to the Dean of Students Office and are subject to forfeiture of the privilege of operating a motor vehicle while registered at the University.

A spelunker is a person whose hobby is exploring and studying caves and underground phenomena.

# Saturday Is Big Day as Skyline Teams Play Conference Foes

This Saturday will be a big one in Skyline football as all Skyline teams engage other Skyline teams in a full slate of four games.

The BYU Cougars travel to Salt Lake City for a Saturday night game with the Utah Redskins. All the other games are Saturday afternoon affairs.

The Redskins, after losing two non-conference games in a row, should prove to be deep for their cross-state rivals. However if the Cougars are as fired up for this one as they were against the Grizzlies at Provo anything could happen. Each team has one win and no losses in Skyline play.

Colorado State University, fresh from a 27-6 victory over Denver, meets the powerful Wyoming Cowboys at Laramie. Wyoming has totaled 1029 yards to lead all Skyline teams in total offense and must win this game to stay in the race for the conference championship.

New Mexico has been touted as the "dark horse" candidate for Skyline honors this year and when the fireworks are over at Utah State University Saturday we should know how they are going to stack up in the conference. The Lobos have beaten New Mexico A&M and Colorado State and last week lost a close game to Texas Western.

New Mexico's Don Perkins still leads the Skyline rushing category as he ran for 72 yards against Texas Western for a three-game mark of 316 yards.

Utah State gained a 19-19 tie

with Wyoming last week and leads in several departments in the Skyline statistics. Bob Winters, the Aggies great passer, took over the total yardage leadership in the Skyline last Saturday when he completed ten passes for 119 yards and ran 11 times for 44 yards against Wyoming to bring his season's total to 515 yards.

Utah State's Overton Curtis leads Skyline scorers with 22 points closely followed by teammate Gary Kapp with 18. Kapp is the leading pass receiver, having pulled in 17 throws for 262 yards.

Aggie Pete Zenotti is averaging 45.0 per punt to lead the Skyline kickers.

# Grizzly, BYU Film Showing Tonight

Films of the Montana-BYU football game will be shown tonight at 7:30 p.m. in the Yellowstone Room of the Lodge. All students and townspeople are invited to attend.

A member of the coaching staff will be present to give the running commentary on the game and to answer questions.

The films have been made available by the Athletic Department so that Grizzly fans may see how the Grizzlies performed on the road. If this showing is successful films of the other games to be played away from home will be shown as the season progresses.

At this writing the films have not yet arrived from Provo. Should the Montana-BYU film not be available the film of the Montana-Utah game will be substituted.

## INTRAMURAL GRID ACTION SLOWED BY FLU BUG

The flu bug caused cancellation of all but two games in the intramural touch football league Tuesday. In the only game played, Forestry defeated Craig 1st South, 12-6. Sigma Nu won by forfeit 1-0 from PSK.

Today's schedule will be: At 4 O'clock on field one, Northern All Stars v Craig 2nd Northwesterers, field two Forestry v SX1B and on field three PDT v SPE. At 5 O'clock on field one PSK v SAE, on field two SX v ATO and on field three DSP v SN.

Stan Renning, Montana's nomination for the All Conference team, will be one of the men to watch in Saturday's homecoming game with Denver. The 6 foot 1-200 lb. junior has been voted the outstanding lineman of the game in all three of the Grizzlie's games this year.

## Air Force Trusts Youths With Expensive Gear

PEASE AIR FORCE BASE, N.H. — (U) — Some people object to the way teenagers handle hot rods. But the U.S. Air Force trusts youths barely out of their teens with equipment valued at nearly \$2,500,000. The oldest of nine airmen chosen to serve as crew chiefs of three B-47 Stratojets is no older than 24.

# Grizzly Basketball Workouts Begin On Old Hardwood

Head Basketball Coach Frosty Cox will begin work on the '57-'58 edition of the Grizzly hoop team Tuesday.

Workouts for the 16 squad members will begin in the Men's Gym. Coach Cox will have six returning lettermen, seven players up from last year's freshman team and three junior college transfers.

The six lettermen from last year's third-place Grizzly team are; Russ Sheriff, Hal Erickson, Jim Powell, Clancy Waters, Frosty Cox, Jr. and Tom McEacheron.

Up from the Cub squad and seeking a berth on the Grizzlies this year are; Darrol Dunham, Dan Balko, Hugh Franson, Brad Templeman, Dave Erickson, Ralph O'Brien and Jim Owens.

The three junior college transfers are Joe Johnston from Grace-land J.C., Dave Shelby of Trinidad J. C. and J. C. Martin from Pueblo J.C.

The Grizzly basketball team will open the season December 3rd at Pullman, Washington where they take on the Washington State Cougars. The first home game will be December 7 against the University of Colorado.

Nitz, Daley, and Nelson were named Distinguished Military Students by Col. Donald C. Jamison, professor of air science.

## Tracker Says Sputnik Has Been Hit

TEMPLE CITY, Calif. (AP)—Dr. Henry L. Richter Jr., chief of the California Institute of Technology's tracking station, said yesterday he believes the Russian satellite has been "punctured" in space by a meteorite.

Dr. Richter said he based his assumption on the fact that scientists

here and at Earthquake Valley, a tracking station near the Arizona line about 100 miles northeast of San Diego, Calif., were now picking up a steady signal from the satellite rather than the previous "beep."

"If our report from Moscow of scientific instrumentation aboard the satellite to measure meteorites is true, then the satellite has definitely been punctured," Dr. Richter said.

"We can't say when it happened, but a meteorite—the inevitable obstacle—must have caused it."

He said scientists "think there are rocks up there," although no previous instruments had been able to detect them in space.

## MSU Horse Show Dates Are Listed

The annual MSU Horse Show, sponsored by the Saddle Club, is scheduled for Oct. 19th and 20th at the Field House. University students comprise 35 entries in the show. There are numerous outside entries.

Entries are open to all persons under 21 years of age. This is an amateur horse show, therefore no cash prizes are given. Trophies and ribbons are given to the first six place winners in each class. The ability of the rider to handle his mount, not the horse will be judged.

This is the second year of operation of the MSU stables. Mr. and Mrs. Lewis A. Cloninger own stock and equipment that make the show possible. Mrs. Cloninger believes that this is the only state university in the northwest that offers horsemanship classes to students. MSU students, through the physical education department, can receive credits in horsemanship.
